

**Technical Account Manager**  
US - Philadelphia area

[[www.efficientip.com](http://www.efficientip.com)]

EfficientIP is a fast-growing network automation and security company, specializing in DDI (DNS, DHCP, IP Address Management). Our Smart DDI approach offers enterprises and service providers a unique appliance-based solution to intelligently simplify and automate design, deployment and management of their critical network infrastructure. Through patented technology, our 360° solution suite secures DNS services to safeguard sensitive data and ensure application access. Companies in all sectors rely on our offerings to face the challenges of key IT initiatives such as cloud, IoT, 5G, and mobility.

EfficientIP hardware and software solutions are developed to facilitate DDI management into a fully integrated solution. SOLIDserver™ centralizes all information from the IP plan and DNS and DHCP servers in one single interface, allowing our customers to manage their network services as a single entity, ensuring high availability, security and network consistency.

### **Job Description**

The TAM is the single point of contact and customer advocate for the account, working closely with the EfficientIP teams (e.g. Delivery, Support, Product Management, Sales, Contracts and logistics) on prioritizing and managing all customer requests and escalations. This position resides within the presales team.
